# Welcome to STAMPIN' UP!

Dear friends,

I met a nice, young woman recently—in her 30s, very career-oriented. When she learned about my connection to Stampin' Up!, the first thing she said was: "I'm not creative." I smiled because I've heard that before. Thousands of times.

I've also seen it. Sometimes guests arrive at Stampin' Up! gatherings with expressions that seem to say: "I can't do this." Notice the pattern? "I'm not." "I can't." Yet by the end of the party, they are chatting, laughing, and having a great time. What inspires the change?

Given the chance, I think everyone can move from "I can't" to "I can." Occasionally all that's needed is time spent around creative people—at a Stampin' Up! gathering, for instance. Mentors (like a demonstrator) can be invaluable, as can products that are designed to encourage creativity.

However long you've been crafting, I think you'll find something that's right for you within the pages of this catalog—something that will help you say "I am a creative person." Enjoy the journey!

Skillfully layer images over and behind each other using the masking technique.

# Stamping

## IN STYLE

Take your stamping to the next level with the Stamparatus. Here's how.

- Do hinge-step stamping by stamping an image, moving the plate down one hinge, and stamping it again.
  - Create multiple projects with ease.
  - Build quick patterns and scenes.

If you like this technique, look for stamp sets marked with Hinge-Step in the description.
